Remote Sensing License Summary

On November 17, 2010 the National Environmental Satellite, Data and Information Service of the National Oceanic and Atmospheric Administration, an agency of the Department of Commerce, granted a license to University of California, Irvine to operate a private, space-based, remote sensing system named "UCISAT-1." UCISAT-1 is a 10cm x 10cm x 10cm cubesat equipped with a cell phone camera to take pictures of the northern hemisphere. The UCISAT-1 will be launched in a 300km altitude, polar orbit.
