

Technology Demonstration Private Remote Sensing License: Public Summary

Pursuant to 15 C.F.R. §960.5(b), Planet Labs Inc. (“Planet”) herein provides the following summary of the private remote sensing space system license issued on November 15, 2019, by the Commercial Remote Sensing Regulatory Affairs Office, National Oceanic and Atmospheric Administration, an agency of the Department of Commerce.

(1) Name, mailing address and telephone number of the licensee and any affiliates or subsidiaries:

Planet Labs Inc.
645 Harrison Street, 4th Floor
San Francisco, California 94107
+1 (415) 829-3313
www.planet.com

(2) General description of the system, its orbit(s) and the type of data to be acquired:

Planet is licensed to operate a private space-based high-resolution remote sensing system, consisting of two technology demonstration satellites. These satellites are licensed to collect Earth imagery with a best-case resolution of 0.29 m GSD resolution from an orbital altitude between 250-550 km and an inclination of 40°-60° and 96°-99°.

(3) Name and address upon whom service of all documents may be made:

Adonica Wada
Vice President, Regulatory Affairs and Compliance
645 Harrison Street, 4th Floor
San Francisco, California 94107
