

## **Tyvak - 0130 Remote Sensing License: NOAA Public Summary**

### **System Description:**

On September 19, 2019, the Commercial Remote Sensing Regulatory Affairs office of the National Oceanic and Atmospheric Administration, an agency of the Department of Commerce, granted a license to Tyvak Nano-Satellite Systems Inc., a subsidiary of Terran Orbital Corporation, to operate a private, space-based, remote sensing system named Tyvak-0130. Tyvak-0130 is planned for launch into 37 deg inclination at 570 km during the 2020 period. Tyvak-0130 is an optical spectrum astronomy observation satellite.
