

## **HyperSat LLC**

### **Private Remote Sensing System License Summary of HyperSat 1 - 3**

On June 2, 2016 the National Environmental Satellite, Data and Information Service of the National Oceanic and Atmospheric Administration (“NOAA”), an agency of the Department of Commerce, granted a license to HyperSat LLC to operate a private, commercial, space based remote sensing system.

The license granted by NOAA permits HyperSat LLC to operate a low earth orbit, electro-optical imaging system that is capable of collecting panchromatic and hyperspectral data.

The HyperSat 1-3 license permits the satellites to sun synchronous orbit Earth at 450 km - 700 km altitudes between 97.21 – 98.19 degrees.
