

NOAA Polar Satellite Programs Continuity of Weather Observations

Calendar Year

Click a satellite's name for the current status.

As of March 2026

Fiscal Year

Key

	On-orbit, operational		Planned mission life
	On-orbit, operational, End-of-Life		Planned on-orbit checkout
	On-orbit residuals		End of Polar Follow-On Program of Record
	On-orbit checkout		90% probability that satellite meets threshold requirement for HAPS

Approved: Irene Parker
Assistant Administrator for
Satellite and Information Services (Acting)

Operational satellite extended life estimates (indicated by an arrow) based on July 2025 reliability analyses.
Suomi NPP: Suomi National Polar-orbiting Partnership; JPSS: Joint Polar Satellite System
